**Soluble Pacific Guano.**  
200 LBS. SOLUBLE PACIFIC GUANO  
contains 70 lbs. animal matter, yielding  
1 to 8 lbs. ammonia.  
Also 80 lbs. earthy bone phosphate of lime,  
30 lbs. of which are soluble.  
It combines all the advantages of the best  
brands of Super Phosphate, with those of Pe-  
ruvian Guano.  
By reason of its greater concentration, we re-  
commend 20 per cent. fertilizer to be used  
per acre, than of any fertilizer costing the  
same per ton; and no more per acre than of  
those selling at 20 per cent. more per ton—  
Hence its economy.  
This guano is 65 lbs. per bushel, hence  
in applying it farmers must be governed by  
weight and not by bulk, for it is much lighter  
than the Super Phosphates. Every cargo duly  
inspected.

**"Flour of Bone."**  
WE give you a money guarantee of the  
purity of our "Flour of Bone." It is pure  
animal bone, reduced to the fineness of  
flour, which adds 100 per cent. to its value. It  
acts as a quick and active acid dissolved bone,  
hence its value is vastly greater, because it  
contains neither acid nor water, which would  
rapidly decay, and reduce the quantity of  
valuable elements. We recommend 25 lbs.  
to be used in place of 300 lbs. Super Phosphate  
or dissolved bone.

**Bitter Wine of Iron.**  
AN exquisite impregnation of dry Spanish  
Wine with the activity of CALISAYA  
BARK, and the most energetic of all the fer-  
ruginous preparations, is the Bitter Wine of  
IRON. It has a vinous flavor, very  
grateful to the palate, is without chalybeate  
taste and will not discolor the teeth.  
It excites languid appetite, gives zest to  
food, improves digestion, increases the strength,  
restores the circulation, takes off muscular  
fatigues, removes the pallor of debility, gives  
firmness and precision to the actions of the  
nervous system, with power to endure fatigue  
and resist disease.  
MAGNETIC CITRATE OF IRON is new and  
peculiar, differing from the ordinary Soluble  
Citrate, in containing an equivalent of Pro-  
tose, a tasteless, without any disagreeable  
aftertaste, and energetic tonic, which, dis-  
solved in water, induces no local inflammatory  
action or headache.  
CALISAYA BARK is pre-eminent among  
vegetable tonics, has no equal as a strength-  
ener or restorative, nor rival as an anti-pe-  
riodic.

**MOWERS & REAPERS.**  
THE undersigned is Agent for the sale  
of MOWING AND REAPING MACHINES—  
both combined and single Mowers.  
These machines can be used as Self-Rakers  
or Hand Rakers, as farmers may wish. They  
are made with two cutter bars, one for cutting  
grain with sickle knife—cutting five feet nine  
inches wide—and extra bar, with two knives,  
for grass, cutting four feet six inches wide,  
having iron or wooden frames as desired.  
They have two driving wheels and flexible finger  
bar.  
The company building these machines have  
secured by lease and purchase, the control of  
all the desirable and standard patents now in  
use, among which are the  
OHIO AND BUCKEYE PATENTS,  
to which we direct special attention. In com-  
pensation, lightness of draft, excellence of work-  
manship and finish, combined with great  
strength and adaptation to all kinds of work,  
they will compete with, and we believe, sur-  
pass, any other machine now offered to the  
public.  
Farmers would do well to examine these  
machines before purchasing any other. They  
will be sold as cheap as any other first-class  
machine now manufactured, and we warrant  
them to give entire satisfaction or no sale.  
Specimens can be seen by calling on the Agent  
residing on the Harrisburg road, two miles  
north-east of Gettysburg.

**Reduction in Price**  
OF THE AMERICAN WATCHES,  
MADE AT WALTHAM, MASS.  
In consequence of the recent great decline  
in gold and silver and all the materials used  
in the manufacture of our goods, and in an-  
ticipation of a still further decline, we have re-  
duced our prices to as low a point as they can  
be placed.  
WITH GOLD AT PAR,  
so that no one need hesitate to buy a watch  
now from the expectation that it will be cheap-  
er at some future time. The test of ten years  
and the manufacture and sale of  
MORE THAN 200,000 WATCHES,  
have given our productions the very highest  
rank among time-keepers. Commencing with  
the determination to make only thoroughly  
excellent watches, our business has steadily  
increased as the public became acquainted  
with their value, until for months together, we  
have been unable to supply the demand. We  
have repeatedly enlarged our factory buildings  
until they now cover over three acres of ground  
and give accommodation to more than eight  
hundred workmen.  
We are fully justified in stating that we now  
make MORE THAN ONE-HALF OF ALL THE  
WATCHES SOLD IN THE UNITED STATES.  
The different grades are distinguished by the  
following trade marks engraved on the plate:  
1. "American Watch Co., Waltham, Mass."  
2. "Appleton, Tracy & Co., " "  
3. "P. S. Bartlett, " "  
4. "Wm. Ellery, " "  
5. OUR LADIES' WATCH of first quality  
is named "Appleton, Tracy & Co." Waltham,  
Mass.  
6. Our next quality of Ladies' Watch is  
named "P. S. Bartlett, Waltham, Mass." These  
watches are furnished in a great variety of si-  
zes and styles of cases.  
The American Watch Co. of Waltham, Mass.,  
authorizes us to state that without distinction  
of trade marks or price,  
ALL THE PRODUCTS OF THEIR FACTORY  
ARE FULLY WARRANTED  
to be the best time-keepers of their class ever  
made in this or any other country. Buyers  
should remember that unlike the guarantee of  
a foreign maker who can never be reached,  
this warranty is good at all times against the  
Company or its agents, and that if after the  
most thorough trial, any watch should prove  
defective in any particular, it may always be  
exchanged for another. As the American  
Watches made at Waltham, are for sale by  
dealers generally throughout the country, we  
do not solicit orders for single watches.  
CAUTION.—The public are cautioned to buy  
only of respectable dealers. All persons sell-  
ing counterfeit will be prosecuted.

**Notice.**  
THE undersigned is Agent for the sale  
of MOWING AND REAPING MACHINES—  
both combined and single Mowers.  
These machines can be used as Self-Rakers  
or Hand Rakers, as farmers may wish. They  
are made with two cutter bars, one for cutting  
grain with sickle knife—cutting five feet nine  
inches wide—and extra bar, with two knives,  
for grass, cutting four feet six inches wide,  
having iron or wooden frames as desired.  
They have two driving wheels and flexible finger  
bar.  
The company building these machines have  
secured by lease and purchase, the control of  
all the desirable and standard patents now in  
use, among which are the  
OHIO AND BUCKEYE PATENTS,  
to which we direct special attention. In com-  
pensation, lightness of draft, excellence of work-  
manship and finish, combined with great  
strength and adaptation to all kinds of work,  
they will compete with, and we believe, sur-  
pass, any other machine now offered to the  
public.  
Farmers would do well to examine these  
machines before purchasing any other. They  
will be sold as cheap as any other first-class  
machine now manufactured, and we warrant  
them to give entire satisfaction or no sale.  
Specimens can be seen by calling on the Agent  
residing on the Harrisburg road, two miles  
north-east of Gettysburg.  
WILLIAM WIBLE, Agent.

county, deceased, having been granted to the

**Who? Who? Who?**  
OUR NEXT GOVERNOR! We have a cor-  
rect and striking photograph of the next  
Governor of Pennsylvania, which we will send  
by mail for 25 cents. If we mistake the man,  
the money will be refunded immediately after  
election next October. Is it Geary or Glynne?

**DR. HORN'S PRAGMATIC MYRRH**  
cures the Teeth, cures all diseases of the  
gums and purifies the breath.

**THE HUBBARD.**  
THE undersigned are agents for the sale  
of Hubbard's celebrated Mowers and Reap-  
ers, both combined and single Mowers and  
Self-Rakers. Farmers would do well to ex-  
amine our specimen machines before purchas-  
ing any other. We warrant satisfaction or no  
sale. The advantages of the Hubbard as a  
Mower are its light draft, great strength,  
simplicity and durability, freedom from all  
side draft, no weight on the horse's necks, and  
is easy work for two small horses. The main  
features and advantages of the Hubbard as a  
Mower are retained in the Reaper, and can be  
changed from a Mower to a Reaper by chang-  
ing three bolts and two shoe pins. The Reap-  
er with one easy natural motion, brings the  
grain towards him and deposits it in a com-  
pact sheaf in the rear of the machine, leaving  
ample room for the machine to pass next time  
round. The Self-Rake has no equal; it is a  
real and a rake combined. The driver by use  
of a lever regulates the size of the bundle, and  
it can be worked in all kinds of grain from the  
shortest oats to the tallest rye; is very simple  
in construction, and less liable to get out of  
repair than any other Rake. They are made  
with two cutter bars, one for cutting grain with  
sickle knife, cutting five feet nine inches wide,  
and an extra bar, with two knives, for grass,  
cutting four feet eight inches wide. Extras al-  
ways kept on hand. Specimen machines can  
be seen by calling on the agents, residing near  
Golden's Station. Post office address, Gran-  
ville Hill, Pa.  
Also Pratt & Smalley's Patent Horse  
Rakes on hand, built by Geo. W. Brant & Co.,
